PROFESSIONAL SUMMARY

Computer Science and Engineering student with practical experience in Machine Learning, Data Science, and Artificial Intelligence. Skilled in Python, data preprocessing, feature engineering, predictive modeling, and data analysis. Experienced in developing machine learning solutions for sentiment analysis, EEG signal classification, and loan approval prediction. Seeking a Machine Learning or Data Science Internship to contribute technical skills and gain industry experience.

PROJECTS

Sentiment Analysis on Social Media Comments

- Collected and analyzed comments from YouTube, Facebook, and Instagram.
- Applied machine learning algorithms for sentiment classification.
- Performed text preprocessing and feature extraction.
- Evaluated model performance using classification metrics.

EEG Signal Analysis for Epileptic Seizure Detection

- Processed EEG brain signal datasets for seizure detection.
- Applied machine learning techniques for classification tasks.
- Conducted feature extraction and signal preprocessing.
- Evaluated predictive performance using standard metrics.

Loan Approval Prediction System

- Developed predictive models for loan approval classification.
- Applied data cleaning, preprocessing, and feature engineering.
- Implemented Logistic Regression, Random Forest, and XGBoost models.
- Compared model performance using evaluation metrics.

EDUCATION

B.Sc. in Computer Science and Engineering

North Western University, Khulna

📅 2022 – 2025

Relevant Areas: Machine Learning, Data Science, Artificial Intelligence, Database Systems, Algorithms.

TECHNICAL SKILLS

Data Analysis Python
Machine Learning Data Science
SQL Git C Programming

RESEARCH INTERESTS

Machine Learning
Artificial Intelligence Data Science
NLP Biomedical Signal Processing

SOFT SKILLS

Problem Solving Critical Thinking
Leadership Communication

CERTIFICATES

- Data Analyst 101 – SimpliLearn SkillUp (Microsoft Powered), 2026
- Google Certified professional Machine Learning Engineer (2025)
- Python Programming and Data Science Basics, 2025
- Kaggle-Based Data Science Competition Participant – SynergyX 2024
- Robotics Camp 2022 – Easier Stage

PERSONAL INFORMATION

- Date of Birth: 19 December 2003
- Gender: Male
- Nationality: Bangladeshi

HOBBIES

Competitive Programming Chess
